

Hill Country CattleWomen

Dear Business-Community Partner:

We are asking your support of the Hill Country CattleWomen's (HCCW) "Not a Round Up" fundraiser. During a usual year, we would be holding our annual Spring Round up in April. This year will have to be a bit different. Due to the challenges of the pandemic, we are unable to hold our annual event. However, we continue to look to community partners like you to aid us in our on-going mission.

More specifically, it is through the generosity of organizations like yours that proceeds are raised to educate youth about nutrition and how their food is raised, to promote the legacy of responsible stewardship and to award scholarships for college juniors and seniors as well as for those attending trade schools. HCCW beef promotions and educational endeavors reach all ages throughout the Texas Hill Country. Our membership covers 14 counties of the beautiful Hill Country. We meet regularly and work diligently to be positive partners in our communities.

Sponsors will be included on our website and Facebook page. We hope you will consider a financial contribution of Ranch Hand; \$250, Trail Boss; \$500 or Cattle Baron; \$1,000. But any amount you are willing to generously give is very welcome!

The rewards of supporting the education of our children are endless. On behalf of the Hill Country CattleWomen, thank you for your consideration.

Sincerely,

Kitty-Sue Quinn
